

Company Profile

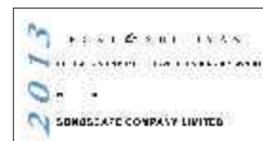

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specializes in the development and production of diagnostic ultrasound solutions. By introducing advanced imaging techniques, SonoScape has improved diagnostic accuracy and therefore enabled better health outcomes. Since 2002, SonoScape has reached and benefited millions of people. With the world in mind, SonoScape will continue providing more effective and accessible healthcare solutions, through persistent innovation and passion for life.

Quote from the Analyst of

"The Frost & Sullivan Award for Growth Leadership is presented to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years...The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outperform the competitors in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see significant growth potential in the future..."

Company Milestone

- 2002: Company Founded in Shenzhen, China
- 2003: Released SSI-1000: the 1st 15" Portable Color Doppler system in China
- 2004: Released SSI-2000: the 1st PC platform Color Doppler system in China
- 2005: Received the "High Technology Company" award from the PRC government
- 2007: Received "CHINA TOP BRAND" award in the Medical Equipment Industry
- 2007: Released the 1st Real time 4D ultrasound system in China
- 2008: Received "European Entrepreneurial Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2009: Received "Product Quality Leadership Award 2009" from FROST & SULLIVAN
- 2011: Received the Reddot 2011 Product Design Award for S20 in Essen, Germany
- 2013: Received "Ultrasound Market Growth Leadership Award, 2013" from FROST & SULLIVAN
- 2014: Received the IF Product Design Award 2014 for S9 in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" from FROST & SULLIVAN

SonoScape

Ultimate Performance,
Like Nothing Else

A6

SonoScape is a high technology company which specializes in manufacturing and developing ultrasound systems and ultrasound transducers for many years. Supported by numerous innovative technologies, SonoScape introduces A6 as a reliable and easy-to-use Hand-carried Ultrasound system with premium image quality which is comparable to high-end cart-based B/W ultrasound systems.

- + Elegant outline, only 6kg weight and optional mobile trolley, A6 creates a comfortable working environment.
- + 12-inch angle adjustable LCD, two transducer sockets, A6 minimizes your working fatigue.
- + Premium B/W ultrasound technologies, abundant software packages and a series of high density probes, A6 assists you in reaching new heights of various clinical applications.

As an ultra-compact HCU, A6 also combines the essential features of easy-to-use and high quality image. These features enable it to maximize doctors' confidence and comfort.

- + Tissue Harmonic Imaging: significantly improves image contrast and resolution.
- + Five Variable Frequencies: minimize the inconvenience of frequently changing probes working with broad band probes.
- + M-Tuning: one-key to optimize the image quality automatically.
- + One Button quick operation: Save, Report, Print, File, Comment, Patient, THI, Clipboard and nine short-cut keys for Obstetric measurements
- + Abundant Body Marks for different applications

Versatile but light weight, A6 is a reliable and efficient tool for medical professionals anytime and anywhere.

- + Comprehensive application fields: general, radiology, OB/GYN, vascular, urology, anesthesia, emergency, ICU, physiotherapy, MSK, pediatric, Share Services, etc.
- + Built-in Li-ion battery, 3-hour battery life, supports point-of-care diagnosis (optional)
- + Super documentation abilities: USB storage, PDF report, AVI/JPEG, DICOM.
- + Compatible with a broad range of transducers, including 180 degree wide-angle endocavity probe
